**IMPORTANT MEDICAL NOTICE.**

DR. PETERS has REMOVED from Hudson street to No. 13 Wilson's Lane, (Astor) a few doors from Duane Square—where he can be consulted in all cases of Diseases of a delicate nature. Dr. Peters has been in practice in Boston for the last seven years, and is now acknowledged to be the most experienced Physician now advertising for the cure of certain maladies. His cures are unlimited—for a knowledge of delicate diseases recommended he spares no pains or expense to relieve those who honor him with their confidence

In Scrofula,

his experienced eye, at once, discovers the state and cause of the evil, without first experimenting to ascertain the location of the disease, as do Quacks and Nostrum venders. He penetrates the difficulty at once, and applies the right remedy

In Cancerous Affections

of the Bladder, he is always sure of performing a perfect cure—having a perfect knowledge of the organs affected, and the proper medicine to be applied

In Gonorrhœa,

a single glance enables him to ascertain the precise state of the disease and to apply his never failing remedies to the particular parts, and the complaint will disappear in a short time after the applications, never to appear again.

In Syphilis,

his medicines stand in the foremost rank of the medical world—removing the disease from the system, no matter of how long standing or difficult it may be

Also, the following diseases come under the special care of Dr Peters—viz: Kings Evil—Salt Rheum—Tetter—Cutaneous Affections—Seminal Weakness—Nocturnal Emissions, superinduced by secret bad habits when young, &c. &c.

To Females,

Dr Peters would say that he has a perfect knowledge of their systems, and can warrant them a perfect cure from all complaints peculiar to their sex The following are a part of the complaints which come under his particular notice—viz. Suppression Irregularities of the Menses—Whites—Pains in the Back and Sides—Falling of the Womb—Green Sickness, &c. &c.

N B Persons at a distance can consult Dr Peters by letter, *post paid* describing their complaints, and enclosing a remittance Direct Dr Peters, 13 Wilson's Lane, Boston, Mass." Medicines can be sent by Express to all parts of the United States and the Canadas

To Seamen,

Dr Peters would say that his medicines can be taken at sea, and are peculiarly fitted for their use, being concentrated into a portable and compact form If those who are about sailing need medical advice will call upon Dr Peters, he will give them ample proof of his abilities to perform a perfect cure, however protracted their case may be dlm oct. 15

WINER'S

CANADIAN VERMIFUGE!

*A CERTAIN REMEDY FOR WORMS*

THIS remedy is safe in its operation and more easily administered than any other

THE GREATEST CAUSE OF DEATH among children is to be attributed to Worms They give rise to many and diseases, and are the more fatal because least suspected, were parents to give that subject more attention, and carefully observe the symptoms which indicate the existence of worms in bowels, *the lives of many children would no doubt be saved* Some of the symptoms are as follows the countenance is of a pale or leaden color, and effused with occasional flushes, the eyes are heavy and dull, bad breath, itching in the nostrils, the sleep is disturbed, the patient often awakening in great fright, and is liable to starting and grinding the teeth The appetite is irregular, being sometimes voracious and at other times feeble occasional vomiting &c

*Winer's Canadian Vermifuge* has acquired a reputation far exceeding that of any other medicine of the kind, and is daily increasing in popularity, wherever it is known and used, it is *unversally approved* It possesses properties which no other article of the kind does, is *more prompt and efficient* in its action and entirely free from ingredients which have any but a beneficial effect, the health of the patient being always improved even when no worms are discovered Physicians prescribe it, and to use the language of one in high standing, who resides in Cleaveland, Ohio, consider it 'the only article of the kind he ever saw that was so uniform and prompt in expelling worms' it may indeed be relied on with the utmost confidence, as it has *never been known to fail*, this is the reason why *all* who have used it will not use any other

We have in our possession a number of certificates from physicians and others of the highest respectability who all testify to its superior efficacy, and recommend it as a never failing remedy

*READ AND BE CONFINCED*

We, the undersigned have frequently administered a medicine prepared by Mr John Winer of this town, designated 'J Winer's Canadian Vermifuge' and being fully satisfied with its efficacy confidently recommend it as a safe and efficient remedy for the expulsion of worms from the intestinal canal G O'REILEY

New York March 30th 1847

Messrs J Winer & Co Sirs—My child of five years of age was for more than two years severely afflicted with worms, during which time we gave her different medicines recommended in such cases but they produced no beneficial effects I at length procured a bottle of your Canadian Vermifuge, and gave it to her which caused her to pass a large number of worms, since then she has been in the enjoyment of perfect health From my own experience, I would recommend your Vermifuge as being the most safe and effectual remedy for worms now in use Yours truly,

WEDNESDAY, DEC. 8, 1847.

☞A strong appeal is made to the friends of Peace and human Brotherhood, in the Christian Citizen in behalf of the cause. It is there stated that Elihu Burritt, the pioneer of this reform in England where his unremitting labors have nearly worn him out. He has called to his aid M D W Bartlett, of Worcester, a young man of much promise and who deeply sympathises with Mr Burritt. His support has been voluntarily assumed by Mr Burritt and he is giving to the cause all he possesses in support of Peace and Brotherhood. It is now asked of the friends of Peace to contribute to its support and to provide means that no new pecuniary burthens be laid upon Mr Burritt, whose sacrifices have been so great. It is strikes us as an appeal which ought not to be neglected.

In connection with this subject and on account of the ... Christmas, we are reminded of the little Nailer ... who in England brought the ... children of Bangor ... Burritt ... something of their means—some ... help the little ... accounting.

☞Our neighbor of the Democrat intends to use up Mr Clay in all sorts of ways, unscrupulous assertions and false charges and reckless and abominable imputation ... This is a grave charge and we purposely make it strong in order to arrest attention and direct it to a significant fact which appears in the last Democrat and which is not only enormous in itself but is illustration of the rancorous spirit with which Mr Clay is generally assailed by his political enemies.

The fact is this that the Democrat quotes the following quoted language and says it was spoken by Mr Clay in his speech in the U S Senate in 1838.

"Two hundred years have sanctioned and sanctified negro slaves as property.

Discussion implies Deliberation. Deliberation is preliminary to action. The people of the North have no right to act upon the subject of Southern slavery, and therefore they have no right to Deliberate—no right to Discuss."

Now the fact is that this is not the sentiment of Mr Clay but of Hon John C Calhoun. Can audacity or recklessness go further?

☞Mr Edward Sargent of this city has invented a new method of stopping Rail Road cars by which at the slightest notice the brakeman may apply the velocity of the train to aid in bringing all the wheels in the train to a dead stop. This plan is doubtless superior to all the methods yet adopted and is free, we think, from any serious objections.

A caveat claiming letters Patent has been filed and an application is immediately to be made for a patent. We expect to find in a short time this form of break in use on all the rail roads in the country.

**Concert this Evening.**

Mons Canderbeeck, supposed by many to be the equal of the world wide known Ole Bull, on that wonderful instrument, the violin, will give his last concert in this city, on this evening. He will be assisted by Mr Squires a popular vocalist of Boston and by Madam Canderbeeck on the Harp, and Mr Cutler on the piano.

The united talent of these artists will give a concert richly worthy the attention of all.

☞It is stated that the Post Master General has become a convert to the system of cheap letter postage and will recommend it to Congress. He will also recommend the reducing of the ... of mail ... and delivering letters, that small sums of money may be sent from one place to the other, through the post office.

☞Hod's advice to all who write for the press ... to this course ... for they must write, whether in ... in the spirit or not, should be remembered and heeded. He says:

"Be sure to buy the best paper, the best ink, the best pens, and then sit down and do the best you can, as the school boys do—put out your tongue and take pains."

☞We learn that Capt James H Carleton, U S Dragoons who some times since left Gen Taylor's Camp for the city of Mexico has, on account of ill health, returned to the United States, and is shortly expected in this city. He has performed much important service, was engaged in the brilliant battles of Buena Vista and will be cordially received here by his numerous friends.

☞A new advertiser is introduced to our advertising columns this morning, Mr Jos. S. Ingraham, he having purchased the stock of Drugs, Medicines, &c., at No 6 Main Street. Mr Ingraham has had a good business education in the extensive establishment of D. G. W. Ladd, has skill in his profession, and a reputation and enterprize which will secure him success.

☞The Bangor Democrat publishes the joking letter of Gen Bradberry of Tennessee in answer to a letter addressed to him by certain locofocos. The letter is really too grand a hoax and too full of high cross dry fun to deceive any body of common discernment, but the Democrat thought it would answer, and so he 'put it through' as a genuine article.

Mr Willis has issued a new and highly illustrated edition of his poetry. We see it stated that it is dedicated 'To a Memory and a Hope, my Mother and my Daughter, those voiced vibrations of the link between them are affectionately inscribed.'

☞Mr Kendall says in one of his late letters—"Pena y Pena is in no way qualified as a leader in the present crisis of the country—Santa Anna, with all his faults, is still the best man they have."

☞The following persons have been drawn to serve as Travers Jurors at the January Term of the District Court, in this city; Thomas A White, Solomon Parsons and Isaac M Bragg.

A correspondent of the New-York Evening Post demonstrates in figures that the yearly income of the office of County Clerk, now held by Mr Conner, is over $40,000.

☞On referring to our advertising columns, it will be seen that Messrs Hall & Young, have received a quantity of Dr Geo W Holden's newly prepared medicine.

Mr Editor—

Will you please to publish the enclosed address to Christians, concerning the War, prepared by a committee of clergymen in Boston, to be sent to different congregations with Peace memorials.

In obedience to the call upon Christian women, a petition will be circulated among the ladies of this city in the course of a few days. It is hoped that all who disapprove of the War, will lend their means to the cause of Peace, and though it may be but a little thing for ladies to petition Congress against War, and yet it is all they can do let them do that in God's name and heartily. The following is the petition which will be presented to the ladies of Bangor for their signatures.

*To the Honorable—the Senate of the U S A*
*To the Honorable—the House of Representatives in Congress assembled*

Whereas, the horrors of the present War between the United States and Mexico, deeply move every sympathy of our nature, and from ghastly charnel pits of many a battle ground—from smouldering walls and gory streets of bombarded cities—from sacked and plundered villages—from homes made worse than desolate by rapine—from crowds of weeping widows and orphans—goes up to Heaven, the witness against us of our brethren's blood, of our sisters' cries, brethren wounded while defending their ... and ... sisters outraged while bestowing woman's charity upon our fowl ... and whereas, though woman is exempted from the burden of bearing arms in War, yet as she is not and cannot be defended from sharing its worst evils, but must have her children dashed to pieces by her side, her dearest friends murdered,—the security of home destroyed—and her life held in terror—we the undersigned women of this Christian ... do petition your honorable body to listen to woman's prayers, beseeching and imploring you to take such measures as shall at once restore Peace to the unhappy country with which we are now at War.

The clergymen of this city, are respectfully requested, to announce to their congregations that petitions for Peace, will be presented during the coming week, to the ladies, for their signatures.

Editors of papers, religious and secular, who are hostile to the war, are respectfully requested to give this address an insertion, and Ministers and Laity of all denominations of sects as members of the Church Universal are earnestly entreated ... this attempt to produce a co-operative movement of Christians throughout our land, in favor of Peace.

To Christians—

Should nothing be done by Christians of this land and ... Christian nation to put an end to the War, now existing between the United States and Mexico?

Can nothing be done?

On the high ground of religious obligation we address you, and in the name of Christ, who came to manifest God's mercy, whose ministry was one of love and healing, whose spirit and life breathed forgiveness, whose command and example taught love to enemies—we appeal to our ... as one nation, and in the majesty of right to demand Peace.

Far too long have we kept silence while our Nation has been plunging into a career of crime that brands us with shame before the civilized world; that outrages the ... of Christendom; that mocks the ... ceremony ... of the Supreme Ruler. Shall we, as Christians give no utterance to the indignant remonstrance which ... the outbreak of ... hearts of the good and wise of this people.

From ghastly charnel pits of many a battle ground ... from shattered walls and gory streets ... of bombarded cities ... plundered villages ... homes made worse than desolate by rapine—from crowds of weeping widows and orphans—goes up to heaven to witness against us of our brethren's blood ... the ... sisters ... while bestowing woman's charities upon our ... Shall we, as Christians ... deeds of ... wrong by ... indifference?

We ... little ... than ... thousands of our fellow countrymen, some in the flush of youthful promise, some in the maturity of manly ... many of them brave, generous ... intelligent, energetic, born to ... capable of ... greatness ... for the honorable uses of humanity ... deluded ... of false glory, ... far away from the ... and ... amidst ... have miserably perished amidst pestilence and ... dreadful ... of sudden death and the lingering tortures of ... these ... Shall we as Christians not cleanse our garments from all participation in this guilty ... of ... beings?

Within little more than one short year, has this Nation squandered in destruction half ... upon ... wrung from the toil of peaceful industry, the wise expenditure of which would have multiplied ... the United States ... the Atlantic and the Pacific ... by a double line of communication, ... every ... of every State ... built a church or school house in every town ... in our land ... supplied with a decent home on the wide prairies of the West every poor family in our ... and ... millions ... are to be prodigally thrown away, burdening posterity with a galling yoke of debt. ... the permanent blessings with which these treasures might have crowned our land and united mankind the earth around by interchanges of good, with heaps of dead bodies and of ruins which mark the track of our armies, and answer,—whether as Christians, we shall any longer permit the gains of our industry, the inheritances of our children to be thus infamously swallowed up in working woe to our fellow-men?

When now we contemplate the avowed end, for which, as the long foreseen result of our accumulated injustice—Mexico—a sister Republic, who once regarded the United States with a reverence equalled only by her present hate—has been overrun by our forces, and her children butchered while fighting to preserve her rights and her honor, can we pardon ourselves, or be pardoned by God and Humanity, unless we interpose? What is the end? Does not the world know it, from the diplomatic correspondence of our government, from debates in both halls of our national Legislature, from Executive messages and resolutions of sovereign States, from unreserved confessions in private and open avowals in the public press? It is territorial conquest, with the express design of upholding the value of slave property, extending the area of slave cultivation, and ensuring the perpetuity of slave-power. The scheme of aggrandizement widens with the success of our invasion. Pacific offers have been rejected, ... could have been exhorted only from the ... of the ... nation whom we are ... crushing, because the territory thus ... would not fulfil the purposes of a slave-holding minority. Unlimited subjugation is ... the watch-word uttered from high places. And can we, as Christians, allow the grasping instigators of this war to take the power of this prosperous people for such atrocious plans of ... aggression?

And the end is not yet. Month by month,—as the military frenzy, latent in our ... is ... by alternate rumors of danger and triumph ... the basest appeals are made to the cupidity of a worldly age, as soldiers released from their dreary ... trade return upon us, ... by the ... and unfitted for regular pursuits as a low ambition is stimulated, and demagogues rises by appeals to reckless patriotism, the passions of the mob,—is it not mournfully evident that the public conscience is becoming paralyzed? May we not well fear the result? Who can assure us that we shall escape the fate of other States? Will not republican simplicity give way to aristocratic assumption tolerates, abuses be converted into prerogatives ... and, by changes silent yet swift ... supplant our free institutions? As Christians shall we not rally to save from abuse a Nation consecrated to Justice and Liberty by the prayers of our ancestors, the benedictions of Christendom, the ... of providence.

Brethren! Our hope under God is in the religious principle of the Christians among this people. Political parties are too much entangled in the meshes of intrigue; their leaders are too often made ... by the lust of office and bribes of preferment, venal presses misrepresent the common sense and honest feelings of the community; public sins already committed drag us downward to deepening iniquity ... with ... certainty of ... which unsainted conscience ... last events are even now speeding on which ... overwhelm this once ... Republic in ... convulsions, the time has come for Christians who should be the heart of every Commonwealth, to send abroad purer health ... influences through the channels of national life. Has not the history of the last few years sufficiently taught us that ... in the part of the good has thrown the destinies of the United States into the control of the violent? Let decision and firmness reclaim what feebleness has lost. Again we say, the time has fully come.

Let us arouse then in the name of the Lord. Let us ask not what is expedient but what is right, not what is politic but what is humane, not what is popular but what is Christian! Let us do our duty and trust to God. Let ministers use every means to awaken a new life of fidelity. Let laymen be true in word and deed to their highest convictions. Let us rekindle enthusiasm for the essential principles of this nation—Christian Love and Civil Liberty!—Let us now find aiding us to make this people a Union of Freemen! Let us hold meetings of Christians to sign and circulate Protests against this war of slaveholding usurpation. Let us pour in our Memorial upon Congress at the very opening of its session, and continue to pour until our end is gained! Thus shall we strengthen the good who are in stations of public trust, awe and restrain the bad, confirm the wavering, manifest the broad foundation of rectitude on which all true prosperity of states and individuals must rest, and make the national responsibility felt to Humanity and to God. In the name of Heaven let us demand

IMMEDIATE, PERMANENT PEACE.

**Christian Women, Rally for Peace.**

Sisters!

In the name of the daughters of Mexico, who are subjected to the insults and outrages of our lawless soldiery and who amidst the horrors of war have poured out woman's charities upon the sick and wounded among their enemies,—in the name of our fellow countrymen, dragged away from home, and its dearest influences to become murderers and robbers ... and whose children have been ... by thousands while defending their families and firesides,—in the name of our nation whose best institutions are endangered by the military spirit,—in the name of the Prince of Peace whose servants ... we beseech you to take instant measures to make the voice of Woman—Christian Woman—heard against this most unholy war. Hold meetings, circulate memorials for war ... Congress. Let the Senators and Representatives hear the protest of Mothers, Wives, Sisters, Daughters, against the War!

**Horrors of the Mexican War.**

The following is an extract from a letter written by a distinguished officer in General Taylor's camp in reference to the Indian outrages upon the unprotected Mexicans. The letter is dated 'Camp near Monterey, Nov 1st.'

"The Indians are laying waste the country in Chihuahua and Durango. Splendid haciendas in the former State have been entirely broken up and deserted in consequence of their incursions. The Mexicans, men and women seem to have a terrible fear of them. They have recently threatened the city of Victoria in Durango, a place of 80 000 inhabitants, who durst not oppose them, but shut themselves up in their houses to avoid them. It is said that soon Durango (the noble State) will be at the mercy of these rascals."

☞The editor of the Bangor Democrat says that he flatly denies 'that Gov. Dana's proclamation is insulting to clergymen.' And is certainly *a flat* for so doing.

☞The weather is now mild and pleasant and the sleighing is very fine.

☞Col Bugbee has received at his extensive Periodical Depot, the Columbian Magazine for December. It is an elegant number.

☞It is stated that Mr Clay is about to visit Washington to attend the term of the Supreme Court.

☞A paper has been established at Marblehead, called the Mercury.

**Unity in Truth.**

Brethren, if we are true disciples of our Lord we must love him in unity, that is, we must be united to Him, and in order to be united in Him, we must be united with each other, and ... to love and good will toward each other, and love one another, and use His love, that is, we must love goodness and truth, and ... all party names and party feelings and party boastings, that our sect or our persuasion or our ceremony, or our manner of worship, is better than our brother's or our neighbor's ceremony or persuasion. We cannot be true disciples of our Lord, while we think in our hearts we are better Christians than our neighbors: for such a thought is not of charity, and if not of charity it is not of love and if not of love, it is not of the Lord, and he that climbeth up any other way than of the Lord, the same is a thief and a robber, and hath no thought of truth and he that hath not truth hath not the Lord, for the Lord is truth itself, and love itself—the way, the truth, and the life.—Rev James Cramer Ott.

**From Washington.**

New York, Dec 5.
7 o'clock, P M.

The Whig Caucus of members of the House of Representatives at Washington has nominated Robert C Winthrop of Massachusetts, for Speaker, T J. Campbell of Tennessee, for Clerk, Nathan Sargeant of Pennsylvania, for Sergeant at Arms, Mr Horner of New Jersey, for Door-keeper, and Mr McCormick of Washington, Postmaster.

**Five Days Later from Mexico.**

The steamship Alabama, which left Vera Cruz on the 18th of November arrived at New Orleans on the 23d. The news from the army by this channel is five days later, and though of no particular importance, is of considerable interest.

George William Kendall arrived in the Alabama.

Gen Quitman leaves Mexico under orders from Gen Scott, that this much distinguished and most efficient officer proceed to the United States and report personally or by letter to the War Department, that since his promotion no permanent assignment of a division has been awarded to him, and the object of his return is to seek this.

Gen Shields returns to seek recovery from his wounds. Col Harney returns for recruits. Cols Garland, Morgan, and Burnett, and Lieuts Potter, Sweeney, and others, are ordered to join Bragg's Battery immediately. Lieut Newman of the 9th Infantry has also returned.

No less than 200 from the Army, including ten sick and disabled or wounded, came passengers on board the Alabama. Three died on the passage—Richard McManus, 2d Penn Volunteers, was buried at sea.

A letter from Queretaro direct, announces that Congress had organized on the 2d of November, and that Senor L. Jos Maria Eodey a Deputy from Guanaxuato had been elected President, and Senor D Jos Maria Hernandez a Deputy from Durango, was elected Vice President.

Some say that Elorigo will receive a majority of votes for President ad Interim, while others are divided between Herrera, Almonte, Gonzales and Rosio.

Col Hays left Puebla on the 12th, escorting Major Polk and Mr Smythe bearer of despatches.

The report that Jarauta had sent a commissioner to Gen Patterson is confirmed. It is said that Jarauta has gone toward Queretaro, his force completely broken up.

Gen Butler arrived at Vera Cruz on the 17th, and was received with military honors.

From 2000 to 3600 troops arrived there on the 17th or 18th. Butler was to march to the Capitol in a fortnight with 6000 troops.

What was left of the division of Gen Quitman at the Capital had been incorporated with the divisions of Worth and Twiggs. Pennsylvania and New York Volunteers with the former.

A Committee has been appointed by the citizens of New Orleans to receive Gen Taylor as he ascends the Mississippi.

The road to Mexico according to the persons who came down with the last train presents everywhere the most complete scene of waste and desolation. At the approach of the Americans the inhabitants of the villages abandon their houses and run away to conceal themselves in the woods. The churches have been converted into hospitals for stables by the troops of both armies and the whole way is strewn with the skeletons of horses, shreds of uniforms, broken wagons, &c.

The remains of the Mexican army are scattered about in small bodies, where they can be most easily supported—not more than 500 at any one point.

It is absolutely impossible to conjecture what course the politics of the country will take. The discordant factions are jarring, each jealous ... the other should conclude a peace, and be left in power. The Democrats (puros) have been endeavoring for many years to break down the privileged establishments of the church and military, and are now striving to prolong the war and prevent, by sowing the seeds of discord and anarchy, the press of party in power from taking any measures that may lead to a peace.

[Correspondence of the Whig and Courier.]

New-Orleans, Nov 24, 47.

The Steamship Alabama arrived here last evening from Vera Cruz, bringing as passengers (see enclosed).

The St Charles Hotel (well known as the best in the world) is now swarming with guests, most of them officers a large proportion of whom are minus an arm, a leg, or in some way fearfully maimed.

I have just had the pleasure of an introduction to and a shake of the hands of Gens Shields and Quitman, Col Harney, Maj Loring, and Cassius M Clay. The gallant Shields is quite a young man—perhaps thirty-five—rather small in stature and has little in his outward appearance to indicate the greatness of the man. His arm is in a sling from the effects of his last wound. he wears a heavy black mustach. Gen Quitman is a man of medium size—very heavy grey mustach whiskers and imperial—is about fifty and looks as though he might fight. Col Harney is about six feet, four, broad shouldered and powerful. wears a heavy sand mustach, and must be, when well mounted and armed, a dangerous fellow to encounter. Maj Loring is a slender little fellow, with long black hair, and a beautiful (!) mustach, handsomely curled on each side of his mouth. He had dismounted to receive an order from Gen Quitman, and noticing that Quitman occupied a position raked by one of the enemy's guns, advised him to remove, and in adverting ... taking the position himself received his wound from a brass cannister shot.

Cassius M Clay has grown quite grey during his stay in Mexico, and looks twenty years older than when he left Kentucky.

The city authorities met this morning to take measures to do suitable honors to those brave men.

Gen Taylor will be here in a few days, and great preparations are being made to receive him.

All our officers I notice, have adopted the Mexican style of wearing Moustachios and Imperials.

It is a sickening sight, to look upon the poor sick and wounded soldiers who have arrived here in the Alabama, on their way to their homes, many of them frightfully maimed, health destroyed, constitutions broken down, destitute and miserable.

One cannot help being deeply affected by the thought of the intense anxiety of the Wives, Parents and friends who await the return of those most dear to them, as well as those who mourn the untimely loss of those who have found their last resting place, in a land of strangers and enemies with no friendly hand to smooth their dying pillow.

Fearful indeed must be the reckoning that awaits James K Polk and his advisers, upon whom rests the responsibility of this accursed war.

I enclose an extract from the Picayune with the newspaper Alabama, knowing that you will receive this sooner than a paper.

Yours in haste, L.

☞Mr. William H Babb of this city died very suddenly in Portland a few days since aged 38.

**TO THE PUBLIC.**

It is well known that the ... stomach a fluid which is called Gastric ... that the food when taken into the stomach is acted upon by this Gastric Juice, which is now converted into a pulpy substance called Chyme, this passes into the upper portion of the Intestinal canal, there becomes mixed with Bile and Pancreatic Juice and is by medical men termed Chyle, a portion of which is in a fit state to be, and is taken up by small vessels called Lacteals, carried into the system, and converted into blood. The food after being so changed, becomes assimilated gives nourishment, and supplies the waste of the body, this is the process and effect of Digestion.

How important therefore, that the digestive organs perform their functions properly! There are also, innumerable sympathies existing between the Dyspeptic Stomach and distant parts of the body some few of the effects of which are here given—Sick Head ache, Nausea and Vomiting, Low Spirits, Despair, Mental Derangement, Irregularity of Pulse, Palpitation of the Heart, Difficulty of Breathing, often leading the patient or his friends to suspect incurable Organic Disease, all of which might have been prevented by timely attention to Dyspeptic symptoms, and proper treatment. It should also be known, that these troubles not unfrequently exist as the effect of disturbances of the Digestive Organs, when the ordinary Dyspeptic symptoms are not discoverable, and should be treated accordingly. The deplorable effect of a disregard to these important truths, it is indeed melancholy to contemplate.

A consideration of these facts, and observation for more than a quarter of a century in Chronic Diseases their rise, progress and end, have led the Proprietor to an anxious inquiry whether there is in the whole catalogue of medicine a combination which is better fitted than all others to remove the far more common causes of these dreadful maladies. The result of this research, and much experience, is now offered with great confidence to the public in

HOLDEN'S
**Alterative and Tonic Mixture,**

as the best combination known for changing the unhealthy secretions of the Stomach, and giving strength to that organ, and for removing many troubles attributed to impurity of the Blood.

In the cure of Dyspepsia it possesses great power, promoting a healthy action of the stomach and correcting a vitiated state of the fluids concerned in digestion, thus removing the cause of many disturbances which are known to arise from this disease.

Its action is that of a mild Alterative and Tonic restoring health and strength often without producing any sensible evacuation, and without leaving behind any unpleasant effect on the constitution.

By its use the Appetite becomes regular and good, Digestion perfect, Sick Head ache and many nervous disturbances growing out of imperfect digestion are generally cured, persons of debilitated constitutions become healthy and strong by its use.

By reason of the sympathy between the stomach and the skin, many diseases of the latter grow out of a morbid action of the former, even when the ordinary symptoms of Dyspepsia are wanting and are cured by this medicine.

Many troubles of children supposed to arise from worms, are caused by a deranged state of the stomach, and are removed by its use.

Persons both adult and children left feeble by protracted illness on the same principle are restored to health and vigor by taking it.

It contains no poisonous ingredient, and cannot in any case do harm.

## UNIVERSAL HISTORY,

FROM THE Creation of the World TO THE Beginning of the Eighteenth Century, BY THE LATE **Hon. ALEX. FRAZIER TYTLER** LORD WOODHOUSELEE Senator of the College of Justice and Lord Commissioner of the Justiciary in Scotland and formerly Professor of Civil History and Greek and Roman Antiquities in the University of Edinburg

THIS Work contains the whole course of lectures on Universal History delivered by the Professor while engaged in the University of Edinburg Its preparation for the press was the last of his literary labors It has gone through a large number of editions in England and America The Work has been for many years and now is a text book in the first University of both countries and in all probability will be handed down to the end of time for the originality of its style beauty of composition and faithfulness of detail as the most interesting and useful work on Universal History for the time it embraces extant

The chief characteristic feature of the plan of the author is, that he rejects the popular mode of historians of arranging general history according to certain epochs or eras and proceeds to give the history of a nation or people through a long succession of years digressing only when the history of some other nation may be so interwoven with it as one under consideration as to become inseparable In this way the author gives the history of the world from the creation compiled from the best authority with great simplicity and perspicuity—and his work cannot fail to recommend itself to the professional man, the student and the general reader

The present edition is comprised in two handsomely printed octavo volumes of 1000 pages neatly bound and is offered at the low price of Five Dollars A liberal discount made to those buying to sell again or to teachers buying for their scholars. All orders by mail post paid promptly attended to

## Hot-Air Ventilating

## FURNACE.

New and Important method of Heating and Ventilating Dwellings, Churches, School Houses, Hospitals, Stores, &c

**Chilson's Patent .. 1847.**

THE subscriber sole agent for the sale of this new and valuable improvement, invites gentlemen who have studied the science of heating and ventilating and all others in want of a superior Furnace to examine this valuable arrangement which is acknowledged by all that have examined it to be the most important invention known

The inventor GARDNER CHILSON, of Boston, by many years experience in inventing manufacturing and putting into use his well known Furnace which has been so extensively introduced and admired has had an opportunity, by carefully observing the operation of Furnaces to detect objections and make many improvements And having seen the injurious effects of a dry harsh, burnt air coming from red hot iron and the great waste of coal by being melted to cinders in iron pots and the loss of heat for the want of a suitable radiating surface, has been induced to remedy these objections and at great expense and care has just completed five sizes of a Furnace which will supercede all other plans of heating buildings By this method the air to be heated never comes in contact with red hot iron that produces a beautiful soft, healthy air The fuel is burnt in soap stone or fire brick (on a new plan) without melting the coal)

The construction of the fire pot is such as to present a broad but shallow depth of coal, by means of which the air is, it is said, to a much improved method in its radiating surface By this together with a great improvement in retaining the smoke in the furnace the heat is prevented from escaping into the smoke pipe which makes fifty per cent saving in fuel He has also invented a new plan of setting the furnaces in brick which prevents the heat escaping through the walls into the cellar but is taken into the apartments to be heated and a supply of pure air, fresh from out of doors is admitted at the same time for ventilating the apartments

These Furnaces have been approved and recommended by many gentlemen who have studied the science of heating and ventilating including many medical gentlemen

Those in want of Furnaces, will consult both health and economy by purchasing this Furnace Call at the

HOUSE KEEPERS should be sure and examine this superior Stove which has won the admiration of several thousand house keepers the past season It has more real and useful improvements than all others combined The fire brick Oven top has proved to be of great value in absorbing the steam and causing the bread to rise and bake light (equal to the house brick oven) The brick is found to be more durable than the iron top. It also equalizes the heat around the oven, and a much more even bake is produced in this stove than any other stove known It has a most perfect arrangement for roasting in front The Summer arrangement for broiling boiling, toasting, &c, is complete The grate clears itself, discharging the ashes into the ash pan The flues are large, and so arranged as not to fill up with ashes It is surprising to see how small an amount of fuel it requires to perform so great a variety of cooking Its inviting appearance substantial construction, and general good qualities, have set it forth to be THE STOVE FOR THE PEOPLE.

## CONSUMPTION CURED!

TRIUMPHANT SUCCESS OF **Buchan's Hungarian Balsam of Life.**

**THE GREAT ENGLISH REMEDY**

FOR COLDS, COUGHS, ASTHMA and CONSUMPTION! The most celebrated and INFALLIBLE remedy for Colds, Coughs, Asthma, or any form of PULMONARY CONSUMPTION, is the HUNGARIAN BALSAM of LIFE, discovered by Dr Buchan, of London, England, tested for upwards of seven years in Great Britain and on the Continent of Europe and introduced into the United States under the immediate superintendence of the inventor

The astonishing success of the Hungarian Balsam, in the cure of every form of CONSUMPTION, warrants the American Agent in soliciting for treatment the WORST POSSIBLE CASES that can be found in the community—cases that seek relief in vain from any of the common remedies of the day, and have been given up by the most distinguished Physicians as confirmed and INCURABLE The Hungarian Balsam has cured and will cure the MOST DESPERATE of CASES It is no quack nostrum, but a standard English Medicine, of known and established efficacy

*TO THE CONSUMPTIVE!*

Every family in the United States should be supplied with Buchan's Hungarian Balsam of Life, not only to counteract the consumptive tendencies of the climate, but to be used as a preventive medicine in all cases of colds, coughs, spitting of blood, pain in the side and chest, irritation and soreness of the lungs, bronchitis, difficulty of breathing, hectic fever, night sweats, emaciation and general debility, asthma, influenza, hooping cough, and croup

**DR. UPHAM'S**

**Vegetable Internal Remedy FOR THE PILES!**

**A Cure for Life Secured.**

*For the cure of Piles, Inflammation of the Liver and Spleen, Inflammation, Soreness and Ulceration of the Stomach, Bowels, Kidney and Bladder, Inflammatory and Mercurial Rheumatism, Impurity of Blood, Weakness and Inflammation of the Spine and for the relief of Married Ladies*

THE VEGETABLE PILE ELECTUARY, invented by Dr A Upham, a distinguished Physician of New York city, is the only really successful remedy for that dangerous and distressing complaint, the Piles, ever offered to the American public.

Mark this it is an INTERNAL REMEDY—not an external application, and will cure any case of Piles, either bleeding or blind, internal or external and probably the only thing that will There is no mistake about it, It is a positive cure—*speedy and permanent.* It is also a convenient medicine to take, and improves the general health in a remarkable manner

Each box contains twelve doses, at 8 1/3 cts per dose, It is very mild in its operation, and may be taken in cases of the most acute inflammation without danger — All external applications are in the highest degree disagreeable, inconvenient and offensive, and from the very nature of the disease, temporary in their effects This Medicine attacks the disease at its source, and REMOVING THE CAUSE, renders the cure CERTAIN and PERMANENT

*INFLAMMATORY DISEASES.*

Although the ELECTUARY was originally prepared for the cure of Piles, yet it has proved itself a medicine far superior to all others, in all diseases of an inflammatory character, with a determination of blood to any particular part or organ In inflammation and congestion of the Liver and Spleen, Inflammation, Soreness and Ulceration of the Stomach, Bowels, Kidneys and Bladder, in inflammatory and mercurial Rheumatism, it is the *Best Medicine* ever discovered

*IMPURITIES OF THE BLOOD*

For all impurities of the Blood, arising from the imprudent use of Mercury or other causes, for all diseases of the Skin, and Scrofulous Affections, in all cases where the blood is powerfully determined to the head, producing dizziness and distress, DR UPHAM'S ELECTUARY is entirely unrivalled

*TO MARRIED LADIES*

Married Ladies are almost invariably subject to that painful and injurious disease, the PILES, with consequent inflammation of the Stomach, Bowels and Spine, weakness of the back, flow of blood to the head &c — The Electuary is perfectly safe for Pregnant Ladies, and the most useful Cathartic that can possibly be used, as it will not only remove the Piles and all inflammatory diseases, WITHOUT PAIN or IRRITATION, but will ensure an easy time, a safe delivery, and a sound constitution in the offspring

*CURE FOR LIFE GUARANTIED.*

The Electuary contains NO MINERAL Medicine no Aloes, Colocynth, Gamboge, or other powerful and irritating purgative No fear of taking cold while under its influence, no change in diet necessary If taken according to the directions, A CURE FOR LIFE IS GUARANTIED

Pamphlets giving valuable information respecting this Medicine, may be had of Agents, gratis

*GREAT SUCCESS OF UPHAM'S*

**PILE ELECTUARY.**

Portland, Me , March 14, 1847.

Dr UPHAM—My dear Sir – I cannot express to you my sincere and heartfelt thanks for the wonderful cure I have experienced by the use of your truly valuable Pile Electuary I have been a perfect martyr to the Bleeding Piles for 10 years past, so much so that I became reduced to almost a skeleton, with loss of appetite, and general derangement of the digestive organs My eyes also became affected, and in fact I was a misery to myself I was obliged to give up my business had tried all kinds of medicine, had the best advice the Doctors in Boston and this place could afford, spent much money—and twice submitted to painful operations I had become perfectly tired of life, and at the suggestion of my friends I was induced to try a box of your medicine The first I found to relieve me slightly, still I persevered, and purchased a second, and I assure you, when I got half through, I found myself getting well, still I kept on, and now I am a well man My dear Sir, language cannot express the heart felt thanks that I am once more restored to health, and now in a condition to support my large family, dependent on me

You can use this letter as you please.

Yours respectfully, SAMUEL CHARSTON.

From CONSTANT GUILLOU, Esq, Attorney at Law, and Notary Public, Philadelphia

"From personal acquaintance with Jules Hauel—an experienced and fashionable Perfumer and Chemist—I was prepared to appreciate the numerous testimonials in favor of his different fashionable preparations. On trial of them in my own family, and some of them personally, I have more than realized those favorable anticipations—they are, what they profess to be, scientifically prepared and compounded I have at all times since my experience, been convinced of the great merit of the Eau Lustral Hair-Restorative, Shaving Cream, Nymph Soap, and, in fact, all the popular preparations of Mr Hauel.

It is with the greatest pleasure that I can recommend the above articles to all of my numerous friends, and the public. They are, in their way, invaluable.

CONSTANT GUILLOU."

From DANIEL J DESMOND, Esq, Attorney at Law, Consul General of Pontifical States, Vice Consul of Austria, Sardinia, Portugal and Tuscany.

"To Mr JULES HAUEL.

Sir—Though I have not the pleasure of a personal acquaintance with you, yet a sense of duty to yourself and the public generally, constrains me to bear my unsolicited testimony in favor of your different fashionable preparations. On trial of them in my own family, and some of them personally, I do positively declare that they are what they profess to be, skilfully prepared and compounded. I am convinced of the great worth or merit of the Eau Lustral Hair Restorative, Shaving Cream, Nymph Soap and Rose Tooth Paste — I am fully satisfied of their intrinsic worth, and do heartily recommend them to all for the use and purpose they are intended Nothing can excel the beauty and lustre imparted to the hair by the use of the Eau Lustral Hair Restorative. It invigorates the hair and promotes its growth. The Shaving Cream is unsurpassed and decidedly excellent, being a fine and high toned emollient composition—it does not smart or irritate the skin, while the Nymph Soap operates beautifully upon the pores of the skin, and cleanses it from all impurities. The Rose Tooth Paste imparts to the teeth a pearly whiteness, and is well calculated to preserve the teeth and gums from decay They are in their way invaluable.

"I have seen many of my friends who have used your Vegetable Liquid Hair Dye; its effect is really a wonder. It dyes the hair in an indelible manner in a few minutes, and the color of the hair is really beautiful, and none will detect the artificial color, as it is so natural Yours &c DANIEL J. DESMOND

**UNITED STATES OFFICER**

Capt G W McLean, of the United States Navy and member of the New Jersey Legislature, has kindly sent us the following certificate. It tells its own story

RAHWAY, Jan 2, 184

A year since I was taken with the influenza, and my whole system left in a debilitated state I was induced to try Dr Townsend's Sarsaparilla and after taking two or three bottles, I was very much relieved and attribute it entirely to the said Sarsaparilla. I have continued taking it, and find that I improve every day I believe that it saved my life, and would not be without it under any consideration G W McLEAN

**SCROFULA CURED**

This Certificate conclusively proves that this Sarsaparilla has perfect control of the most obstinate diseases of the blood Three persons cured in one house is unprecedented

THREE CHILDREN

Dr Townsend Dear Sir—I have the pleasure to inform you that three of my children have been cured of the Scrofula by the use of your excellent medicine — They were afflicted very severely with bad sores have taken some four bottles, it took them away for which I feel myself under deep obligation Yours respectfully,

**TO MOTHERS AND MARRIED LADIES**

This extract of Sarsaparilla has been expressly prepared in reference to female complaints No female who has reason to suppose she is approaching that critical period, "the turn of life " should neglect to take it, as it is a certain preventative for any of the numerous and horrible diseases to which females are subject at this time of life This period may be delayed for several years by using this medicine Nor is it less valuable to those who are approaching womanhood, as it is calculated to assist nature by quickening the blood and invigorating the system Indeed this medicine is invaluable for all of the delicate diseases to which women are subject It braces the whole system, renews permanently the natural energies—by removing the impurities of the body, not so far stimulating the system as to produce a subsequent relaxation—which is the case of most medicine taken for female weakness and disease

**GREAT FEMALE MEDICINE**

Dr Townsend's Sarsaparilla is a sovereign and speedy cure for incipient Consumption Barrenness Leucorrhœa, or Whites, obstructed or difficult Menstruation, Incontinence of Urine or involuntary discharge thereof, and for the general prostration of the system—no matter whether the result of inherent cause or causes produced by irregularity, illness or accident

Nothing can be more surprising than its invigorating effects on the human frame Persons subject to weakness and lassitude, from taking it, at once become robust and full of energy under its influence It immediately counteracts the nervelessness of the female frame, which is the great cause of barrenness

It will not be expected of us in cases of so delicate a nature, to exhibit certificates of cures performed but we can assure the afflicted that hundreds of cases have been reported to us Several cases where families have been without children, after using a few bottles of this invaluable medicine have been blessed with healthy offspring

Dr Townsend My wife being greatly distressed by weakness and general debility, and suffering continually by pain and a sensation of bearing down falling of the womb, and with other difficulties and having known cases where your medicine has effected great cures, and also hearing it recommended for such cases as I have described I obtained a bottle of your Extract of Sarsaparilla and followed the directions you gave me. In a short period it removed her complaints and restored her to health Being grateful for the benefits she received, I take pleasure in thus acknowledging it and recommending it to the public M D MOORE

**OPINIONS OF PHYSICIANS**

Dr Townsend is almost daily receiving orders from physicians in different parts of the Union

This is to certify that we, the undersigned Physicians of the City of Albany have in numerous cases prescribed Dr Townsend's Sarsaparilla and believe it to be one of the most valuable preparations of the Sarsaparilla in the market H P PULING, M D J. WILSON M.D, R B BRIGGS, M D, P E ELMENDORF M D

Albany, April 1 1845

The following is from one of the most respectable physicians on Long Island.—

Greenport, July 10 1846.

Dr. Townsend Dear Sir—It is with satisfaction that I say to you, that I have recently witnessed in several cases, the most beneficial results from the use of your Extract of Sarsaparilla Being engaged in the practice of medicine, I have prescribed it in several cases and never without benefit In the removal of diseases arising from a deranged state of the digestive organs, jaundice, &c , it far excels any thing of the kind ever before offered to the public You will please send me two dozen, &c &c. Respectfully yours S C PRESTON M D

*RHEUMATISM.*

This Sarsaparilla is used with the most perfect success in Rheumatic complaints, however severe or chronic The astonishing cures it has performed are indeed wonderful. Other remedies sometimes give temporary relief, this entirely eradicates it from the system, even when the limbs and bones are dreadfully swollen

Hear Mr Seth Terry, one of the oldest and most respectable lawyers in Hartford, Conn The following is an extract of a letter received from him

Dr Townsend—I have used one bottle of your Sarsaparilla, and I find it is excellent in its effects upon the chronic rheumatic pain to which I am subject from an injury occasioned several years ago in a public stage Please send me two bottles to the care of Dr Seymour I have conversed with two of our principle physicians and recommended your Sarsaparilla SETH TERRY

Hartford, March 12, 1845.

*PILES! PILES! PILES "*

Dr Townsend's Sarsaparilla is no less successful in curing this distressing complaint, than for diseases of the Blood, Dyspepsia, Rheumatism and Nervous Debility. Read the following —

Dr Townsend Dear Sir—The effects of your Sarsaparilla are truly wonderful. For the last six or eight years past, I have been subject to severe attacks of the piles, during which I have suffered all the torture of that complaint, and have despaired of ever finding relief, except in death. I have the pleasure to inform you "there is yet a balm in Gilead " I have used two bottles of your Sarsaparilla, and feel no remains of my old complaint. I send you this for publication and any person you may refer to me, I would be happy to inform of the benefit I have received at your hands

Yours truly, JOHN HALL, 49 Fulton st.

July 5, 1846

*CAUTION'*

Owing to the great success and immense sale of Dr Townsend's Sarsaparilla, a number of men who were formerly our agents, have commenced making Sarsaparilla Extracts, Elixirs, Bitters, &c. They generally put it up in the same shaped bottles and copy our certificates and advertisements claiming that theirs is far superior and four times stronger than Dr Townsend's, &c , hoping thereby to deceive the public Some use fictitious names, a few use their own, some of these unprincipled men publish counterfeit certificates all are have induced their brothers and other interested persons to allow the use of their names, to which they put 'Esquire,' to give them respectability The public should be on their guard, and look out for counterfeits.
